

Pinhole Camera

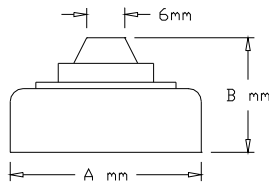

Description

MCC series Pinhole are high-performance cameras specially designed for indoor, low profile surveillance.

The casing is made of Aluminum with non-reflective epoxy powder coating, providing a tough, light weight and good heat conductor for the camera.

Features

- Compact size & Light Weight
- Mounting Bracket Included
- Easy installation
- Reverse polarity protection
- Wide Voltage Range 9-14VDC
- 3.7mm Wide Angle Lens
- B/W : MCC-400P1 & 500P1
- Color : MCC-700P1
